

Engine House Services Newsletter - June 27th, 2009

Can you believe that next week is July, which means half of 2009 is over! Where has the time gone? Our suppliers have not slowed down when it comes to new items. In the last couple of weeks we have taken in new product from Atlas, Athearn, InterMountain, Kadee along with some of the smaller manufactures. We have been notified by ExactRail that they intend to release their new products this coming month, so stay tuned. We expect the new Digitrax throttles to arrive this Tuesday! Peco has lowered their price for their turnouts, stop in and check it out. BTW, don't forget we offer "bulk" prices for turnouts in quantities of twelve or more!

Walthers has announced their latest structure/rolling stock theme: Ethanol! Check it out
http://www.walthers.com/page/ads/Ethanol_Poster.pdf

Our clinics continue only on Tuesday evenings at 6:30, since we are now on our summer hours.

Tuesday June 30 ABC's of DCC
Tuesday July 7 Rolling Stock weathering with Mike Paltzer
Tuesday July 14 Metal Corrugated buildings with George Doncheck
Tuesday July 21 Locomotive Tune-up
Tuesday July 28 Upgrading Rolling Stock
Tuesday August 4 Mountain Scenery with Lynn Draper
Tuesday August 11 Tweaking Soundtraxx Tsunami Decoders
